

Chauffage à eau

Water heater

Super K E

- Aérotherme à circulation d'eau
- Existe aussi en climatisation ou combi
- Water heat exchanger
- It is also available as an air conditioning evaporator or combi (evaporator + heater)

Puissance de chauffe / Heating power	7,6 kW
Débit d'air / Airflow	500 m³/h
Consommation électrique / Electrical consumption	100 W
Niveau sonore / Noise level	69 dB
Raccord eau / Water Fitting	Ø 16 mm
Vitesse de ventilation / Ventilation speed	3

Tension / Voltage	Reference
12 V	120.26.006
24 V	120.26.102
